

STATEMENT FROM
HON. SANDRA SCHULTZ NEWMAN

Because of my preoccupation with preparing legal challenges for significant issues relevant to proper election procedures, I did not pay close enough attention to an e-mail which was drafted by a worker for the McCain campaign.

I regret that I did not carefully review the final draft before it was released with my signature, as well as the signatures of two other prominent supporters of Senator McCain.

Some of the language was inappropriate and intemperate.

I apologize to anyone who was offended by this misguided e-mail.

I am supporting Senator John McCain for President, and I hope you will not allow a stray e-mail message to alter your opinion in this important Presidential election.
